Dear Gary,

Got letter and contract today. Thanks.

Sending 36 books, already packaged, in a.m.

OSWALD IN NEW ORLEANS out of print. You didn't ask and I don't have.

Next suit in series vs government about to be filed. Gary has copy complaint, attachments, first. Three more in rough draft.

Contract on new book in mail.

Action, friend.

Hope some of it will help you line up appearances. There is another possibility that may yield some: where other speakers have been forced to cancel bookings already made. I can almost always fill in without warning, unless I'm tied up in litigation.

There is also the possibility of another, quickie book under consideration by a major publisher. If it goes through, it will occupy me for several weeks. I'll know in a day or two.

Good luck- to us both, huh?

Sincerely,

Harold Weisberg
